ACKNOWLEDGMENT

Every year, often year after year, local service groups, organizations and individuals provide funding for scholarships and bursaries as an incentive to graduating students to continue their learning in a wide variety of post-secondary settings. Many students may be significantly delayed in their studies or, worse yet, may not be able to continue their education at any time without these resources. The citizens who provide the required funding do so believing an investment in the youth of today is an exceptionally wise investment in our collective future. We couldn’t agree more. The Trustees on your Board of Education are in complete agreement with that sentiment and are most grateful for the generosity of those who have contributed on a continuing basis to this purpose. We hope they will accept our heartfelt thanks for their ongoing commitment to our youth.

I would also like to thank everyone who takes the time to attend our graduation ceremonies, particularly those who attend on behalf of the organizations they represent. Their attendance in such large numbers, representing so many of our citizens, signals tremendous support for our graduating students, much deserved recognition for their achievement and optimism for a future soon to be entrusted to their stewardship.

Thank you again for caring so much about and investing so wisely in the young people of our community.

Mike Murray, Chair
School District 42 - Board of Education

To the Graduating Class of 2016/17

You are wonderful young people and you have been fortunate to be raised in our community which has actively supported you and has sought ways to help you reach your fullest potential. There are many businesses, community groups and individuals who come together to ensure that you achieve your goals for post-secondary education. As you read this booklet you will see that you are in the thoughts of many generous benefactors in this community.

This scholarship booklet presents you with many opportunities. Whether you plan to attend university, pursue a career in the trades, enroll in college or take advantage of other forms of learning – you will find that there is support for your pathway in this community. Our community is supportive of you – and this booklet represents the tangible forms of that support.

I encourage you to apply for the bursary and scholarship opportunities described in this booklet. If you are fortunate enough to receive financial support for your pursuits – please write to the donor and express your thanks. Please keep in mind that many of the community members who provide this financial support were, at one time, youth, like you, who needed and appreciated some community help to achieve their dreams. We hope that you recognize the support of the community – and, in the same way, if you have a chance, participate in supporting students in need later in your life – pay it forward!

We wish you well as you move forward with your post-secondary plans. We are very proud of you and hope that you continue to stay connected to our school district and community.

Best wishes to all of you!

Sylvia Russell
Superintendent of Schools
BOARD POLICY: SD 42 POLICY: 4435
The Board of Education (“Board”) encourages students to pursue school programs to stimulate their levels of thought, productivity and citizenship. The Board Directs the Superintendent to maintain a set of criteria and procedures for suitability recognizing outstanding accomplishments, and for presenting suitable awards for scholarship and distinguished service in all school activities. All scholarships, bursaries, honours and awards presented in the School District shall be awarded strictly on the merits of the students receiving them.

In keeping with the Board’s policy it has been the approach of the selection committees, both District and school based, to recognize as many of the outstanding accomplishments of as many students from SD 42 as meet the criteria set out in the award description. As such, in cases where a student may meet the criteria of a number of awards, prior to awarding multiple awards to a single student, the selection committees ensure that all applicants demonstrating outstanding accomplishment in meeting the criteria for an award are considered. In this way, we are able to recognize as many of the outstanding students in our district as possible. However, if the accomplishments of a student are of such an outstanding nature as to set them significantly apart from all other’s in meeting the criteria then the committee will award accordingly. It is important to recognize as many of our outstanding students as possible.

INTRODUCTION:
A number of types of financial assistance are available to students for post-secondary education and/or training:
